

3rd International Conference on Food Security and Value Chain Systems: Innovative Pathways for Sustainability and Resilience (ICFSVC-2026)

Key Information

Conference Dates: January 05 - 06, 2026

Abstract Submission Opens: October 15, 2025

Abstract Submission Deadline: December 15, 2025

Notification of Acceptance: Within two weeks of submission

Registration Deadlines:

- Presenters: December 30, 2025
- Participants: January 02, 2026

Registration Fees:

Presenters:	Faculty: Rs. 2500	Students: Rs. 1500
Participants:	Faculty Rs. 2000	Students: Rs. 1000
	General Audience Rs. 1500	

Submission Streams

- **Food Security and Sustainable Agriculture**
 1. Inclusive and climate-smart agriculture for food security
 2. Sustainable crop, livestock, fisheries, and forestry systems
 3. Nutritional security, dietary diversity, and food safety
 4. Productivity, efficiency, and resilience under climate change
 5. Water, soil, and natural resource management
 6. Regenerative agriculture
- **Climate Change and Environmental Challenges**
 1. Climate adaptation and mitigation in agri-food systems
 2. Green technologies for sustainable food supply
 3. Socio-economic dimensions of climate-smart practices
 4. Community-based resilience strategies
- **Agribusiness, Value Chains, and Markets**
 1. Global and regional agri-food value chains
 2. Market access, competitiveness, and trade policies
 3. Value addition, entrepreneurship, and rural industrialization

4. E-commerce, digital platforms, and food marketing
5. Supply chain sustainability and circular economy

- **Innovation, Technology, and Digital Agriculture**

1. Precision agriculture and smart farming
2. Artificial Intelligence (AI), robotics, and automation in agriculture
3. ICT tools for agricultural extension and farmer empowerment
4. Blockchain and big data for food traceability and transparency
5. System dynamics and modeling in food and agriculture

- **Knowledge Sharing, Education, and Community Empowerment**

1. Role of extension in technology transfer
2. Next-generation farmer training and capacity building
3. Gender, youth, and social inclusion in agriculture
4. Innovative extension approaches and digital tools
5. Continuing education for sustainable rural development

Poster Competition

Students and young researchers are encouraged to participate in the Poster Competition to showcase innovative ideas, prototypes, and case studies.

Submission Guidelines

- Submit abstracts to icfsvc@mnsuam.edu.pk
- Abstract (250–300 words) in MS Word format must include:
 - Title of Paper
 - Author(s): Name, Email, Country, Organization, Web page (if available)
 - Abstract
 - Keywords (3–5)

All submissions will undergo double-blind peer review. Selected papers will be invited for presentation and considered for publication in an HEC-recognized Y-category journal.
