

Orientation and Training on Plant Breeders' Rights Application Procedures”.

Session Details:

Date: April 1, 2026 (Wednesday; 10:00 AM)

Venue: Syndicate Hall, MNSUAM/ Virtual

Organized by: Institute of Plant Breeding and Biotechnology

Institute of Plant Breeding and Biotechnology, Muhammad Nawaz Sharif University of Agriculture, Multan organized a hands-on training session on “Plant Breeders’ Rights Application Procedures”.

Vice Chancellor, MNSUAM and Chairperson of NSDRA, Prof. Dr. Asif Ali (T.I.) highlighted the importance of variety protection, proposed the establishment of a Seed Academy, and emphasized collaboration with the Federal Seed Certification Office. The session featured Mr. Muhammad Owais and Dr. Muhammad Shafique as resource persons.

A comprehensive discussion was held to address the queries of the participants, and the online application procedure was explained in detail to all attendees. More than 100 participants from research institutes, universities, and the private sector joined the session, both in person and online, making it a valuable platform for strengthening innovation and public-private partnership in agriculture. Some glimpses are attached for your information, website, and newsletters.
