MEMORANDUM OF UNDERSTANDING (MoU) BETWEEN Tabeer – Youth Economic Empowerment and MNSUAM

Office of Research Innovation and Commercialization ORIC MNS University of Agriculture is promoting agriculture entrepreneurship among females of Punjab. Head honcho of Tabeer Pakistan visited MNS University of Agriculture, Multan. Prof. Dr. Asif Ali welcomed and tendered the ongoing activities of the research engagement program. Dr. Asif said that Agriculture University is trying its best to nurture the farmer community. Prof. Dr. Zulfiqar Ali welcomed Tabeer Pakistan's team. Both sisterly institutions tendered their presentations. Tabeer, an initiative of Solutions Ahead, is a mission to train and develop 1 Million micro-entrepreneurs (50 percent are women) by 2025. MNSUAM and Tabeer have decided to cooperate in the fields of entrepreneurship, innovative ideas of students, and commercialization as well as to facilitate the diffusion of knowledge and culture on the following basis: The development and implementation of joint efforts are to create maximum opportunities for jobs that are needed for the country. Resources and facilities sharing for entrepreneurial behavior in students. Both organizations sent positive vibes to promote micro-entrepreneurs (50 percent are women) by 2025 through reciprocal understanding. Capacity building of researchers, faculty, students, technicians, and skilled/unskilled labor involved in research, innovation, commercialization, and production of qualitative entrepreneurs. Tabeer will organize joint outreach activities in the form of symposia, conferences, seminars, workshops, exhibitions, festivals, international meetings, farmer's meetings, field days, etc. Joint activities and exchanges of human resources for mutual benefit. Tabeer will provide the facilities of the entrepreneurial environment to the students of MNSUAM at different units depending upon the field of study.

First Civil Award Conferred to Prof. Dr. Asif Ali. Vice Chancellor MNS University of Agriculture, Multan.

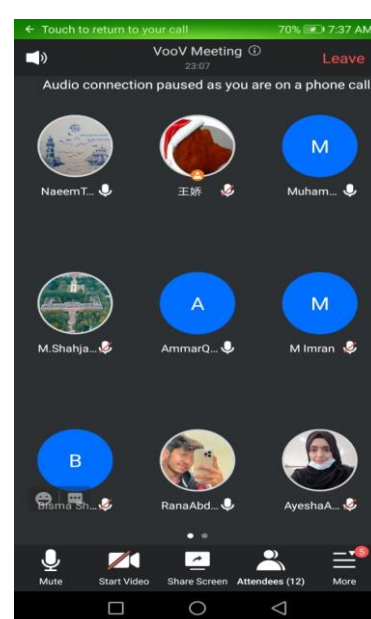

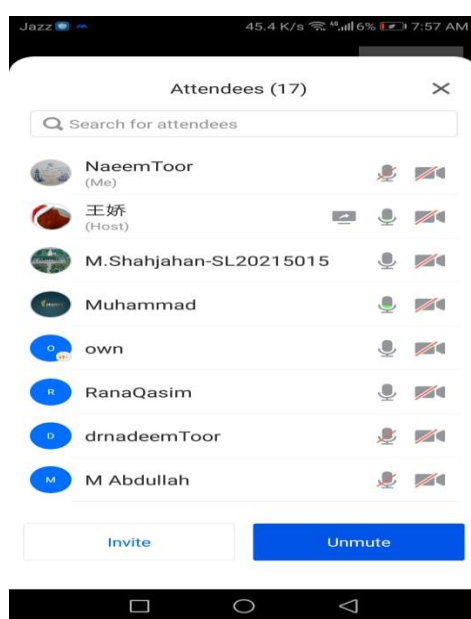

To be one among thousands is very easy to say but it is very difficult to keep it up. The First Civil Award in the history of MNS University of Agriculture has been conferred to Professor Dr. Asif Ali. Leadership plays a pivotal role in the making of institutions. MNS University was established in 2012 pregnant with the hope to boost the socio-economic condition of farmers and disseminate quality education in various domains of Agriculture and other allied sciences. Prof. Dr. Asif Ali a charismatic leader done miracles as Vice Chancellor within a very short period. We must learn a lesson from the incumbent Vice Chancellor regarding research, development, and ongoing work of the University. Prof. Dr. Asif Ali is a passionate Professor and an outstanding scientist in the field of agriculture. He earned his Ph.D. degree in Plant Breeding and Genomics from the University of Liverpool, UK. He also holds an MBA degree in Information Management Systems. He was awarded Overseas Research Scholarship by the CVCP, U.K. for the years 1997-1999 and won the UNESCO fellowship in Biotechnology, 2001-2002. He also served as a visiting professor at the University of California, Davis, USA. As the world's leading agriculture scientist and a visionary leader, he is indeed an asset to the nation. The Government of Pakistan has acknowledged his accomplishments in education and agriculture by conferring upon him the Civil Award (*Tamgha e Imtiaz*) in 2020.

HEBEI Confucius Scholarship 2021 for the Chinese language granted to MNS-UAM.

Office of Research Innovation and Commercialization ORIC of MNS University of Agricultural Multan Pakistan won 23 Chinese language and culture scholarships 2021 from Confucius Teachers Scholarships Program. HEBEI Institute of International Business and

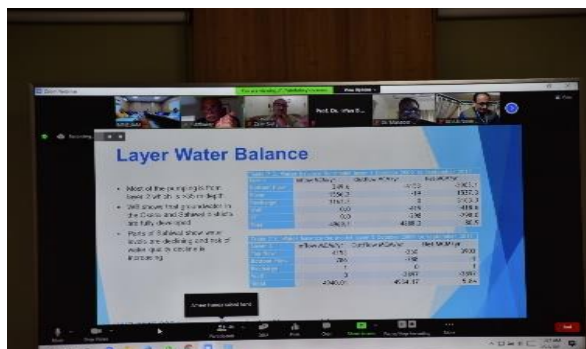

Economics China is the partner of MNS-UAM since 2017 both institutes exchanged faculty and student to enhance the Chinese language and culture. In recent past 2019, eight students and two faculty members earned a degree of 10 months Chinese language course and cultural exchange program. In 2021 due to the COVID 19 pandemic HEBEI Institute of International Business and Economics China offered an online Confucius scholarship 2021 to MNS-UAM to carry on ongoing Chinese language classes. In the 2021 phase three faculty members from MNSUAM and 20 students registered with HEBEI China and taking their classes through Wechat and Voov applications. His Excellency Lee Jainfeng Losha, Mr. Xiaoming, and Miss Wang Jiao from HEBEI Institute of International Business and Economics China paved the way to make Confucius 2021 Scholarships possible for ORIC MNS-UAM. Miss Wang Jiao is teaching Pakistani a new cohort of Confucius scholarship holders regularly. Dr. Rana Muhammad Naeem was the focal person for said activity from MNS University of Agricultural Multan Pakistan.

World's Water day at MNSUAM.

First World's water day was organized by the United Nations organization in 1994. In 2021 the theme was "Value of Water" MNS University organized an online seminar regarding the value of water on World water day. Guest speakers and world distinguished scientists participated from Australia, China, and Pakistan to highlight and emphasize the credentials of water. Speakers shared their voracious experiences regarding the recycling of water. Prof. Js. Punphakey from Charles University Australia guided the idea about the quality and quantity of water in the land. Ms.Aye A.Myat of the China academy of sciences said that how we can gain maximum cultivation by utilizing minimum water in the future. She emphasizes

that we ought to use minimum water to save the precious blessing. Prof. Dr. Zulfiqar Ali, Dr. Irfan Ahmed Baig, and Dr. Sarfaraz Hashim also spoke during the seminar.

Online webinar on TB awareness.

A Seminar was organized regarding T.B Awareness presided by Professor Dr. Asif Ali Vice Chancellor MNS University of Agriculture Multan. Dr. Ahmed Ijaz Masood Vice Chancellor Nishtar Medical University was a chief guest, Secretary of health South Punjab Dr. M Ajmal Bhatti and Dr. Imran H. Khan from University of California Davis USA were among the keynote speaker. Speakers emphasized that if we take care of any disease before it gets chronic we may recover it within days. We should take care of our bodies to avoid opportunistic diseases. Dr. Ahmad Ijaz Masood Vice Chancellor Nishtar Medical University said that T.B is quite common in the general public and people still believe in that myth it is not curable but the fact is this T.B is curable. Worthy Dr. Imran H. Khan said that diseases proliferate from animals to human beings and human beings to animals reciprocally. We need to adopt sheer measures of care and support to avoid T.B. Professor Dr. Asif Ali Vice Chancellor MNS-UAM said that Nishtar medical University and MNS-UAM both sisterly organizations are working together on human nutrition and dietetics to avoid the ratio of diseases in the region. Secretary of health South Punjab Dr. M Ajmal Bhatti during his speech said that the Government of Punjab is taking care of health as a special initiative and providing maximum facilities locally. Dr. Anjum Naveed, Dr. Asghar Javeed, Dr. Afzal Momin, Dr. Anjum Naheed, Prof. Dr. Umer Farooq, and Dr. Shahbaz also spoke during the seminar.
