	<p>Description/ Rational of the Project:</p> <p>We have replaced AAAAAA from AAAA which usually give AAAA impact in the body and added AAAAA just to make it healthier.</p>
	<p>Project details including materials & designs with complete adoption (Please attach an extra page if required maximum 2 pages and also include images of models, designs and interactive interface):</p> <p>We have utilized AAAA for the development of AAA for the development of AAAAA used AA, AA, AA, AA, AA ,AA & cold water. The product was acceptable with respect to the AA and the AA value, as this was an AAA some standards were not achieved due to the different proportion of ingredients being used in the sample. The AA or AA provided more AAA texture it was not used so it directly effects the overall standards set for candy preparation. However, the main purpose of a AAA product by the utilization of AA and to use their AAA property for the development of a beneficial product.</p>
<p>Project Valuation (Rs.)</p>	<p>Please * check if the project is <input type="checkbox"/> Concept <input type="checkbox"/> Market ready for execution</p> <hr/> <p>Investment required to develop the project (for market ready projects):</p> <p>123456 PKR</p> <p>Seed money for the refinement of concept (for concepts only):</p>
<p>Incubation Questions</p>	<p>Product of Project to be commercialized/ What is the specific innovation or breakthrough of this Innovation: Cost effective and longer shelf life along with the health benefits to combat disease and etc.</p> <hr/> <p>If this is an advancement of existing product, explain what significant improvements have been made (such as cost benefits, function benefits, etc.) Significance of the Project/ targeted Audience: Targeted audience are</p>

	Do you intend to adopt this idea as a professional business plan (yes/no): If yes please provide answers to following questions.	
	What skills do you have that help you operate your project on a commercial scale: We work on product development and use a key product which usually consume by every person of all ages.	
	Why would people buy your products and service: Because it is a AAAA which is easily consumed by AAAA and for AAAAs who	
	Explain the benefits of your innovation and clearly explain how this Innovation will impact the local industry and economy? – Quantify as much as possible. We add AAA & AAAA which is very healthy AAAAA in this product
